

«Great Health Is the Ultimate Luxury!»

– John R. Prufeta, Chairman of Medical Excellence International, LLC

MEDICAL EXCELLENCE™

Welcome to Medical Excellence, the exclusive global Membership Club for health and healthy lifestyles. Medical Excellence pioneered the concept of the «Family Office for Health Care». We actively manage your health just as your wealth is managed – with the very best professionals, practices and amenities available anywhere in the world.

Incomparable Quality. Since 2009, the Medical Excellence International brand offers elite global medical resources and health management services for the world's leading citizens. MEI is the health management expert most trusted by celebrities, top professionals and political leaders of the world.

Preferred access to the world's finest physicians, hand-picked according to our Member's specific health care needs and goals. Complementing MEI's access to top doctors, we provide professional services that include management of medical records, arranging appointments with top specialists, diagnostic testing using the most advanced technologies, tracking medications and refills, logistical support and coordination of the U.S. and Home country medical teams. All specifically designed to provide the most personalized health management available anywhere.

MEDICAL EXCELLENCE™

Quality Matters Your Health Deserves the Best Care

Your dedication to excellence and resilience in challenging the status quo laid a solid foundation for your remarkable success today. Now, it is time to protect your longevity and safeguard the health of your family. To achieve optimal results, we institute a set of uncompromising services consistent with the same quality and standards you demand in your life. Professional management of health care is highly desirable as modern medicine becomes more specialized and complex. Your Medical Excellence Personal Health Advisor personally selects your medical team from among the highest-rated, most respected doctors and medical facilities in the world. Matched perfectly to your individual needs, we ensure your preferred access to the highest quality medical care whenever you need it.

Consider health as your most important asset. Elite medical resources are a rare commodity. That is why we strictly limit the number of our memberships. This ensures that our members will always have exclusive access to our comprehensive network of the finest medical facilities and care providers in the world.

Successful Experience Throughout the World

Experience Matters. MEI's management team has accrued an average of over twenty years of experience in the field of health care management. Our skill is selecting doctors operating at the highest levels of their profession, along with their medical facilities, to offer the most comprehensive preventative and advanced medical care available in the world.

In just a few short years, our exclusive, elite medical network and unique membership model made Medical Excellence the #1 choice for affluent individuals living in the USA, UK, Europe, and the Middle East. Excellence rooted in our insistence on consistently delivering the highest quality medicine and comprehensive support services. We look forward to becoming your partner in achieving optimal health and longevity.
